12 October 2001

Dear Mr Hobbs

Thank you for your letter un dated, November 2001, seeking information.

As a museum with limited resources we are not always able to supply the information requested. It should be noted that the museum archives **do not** include the personal service records of soldiers who have served with the Regiment.

It may not be possible to take your enquiry any further.

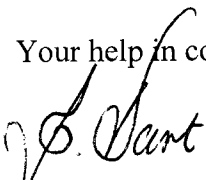

However where possible we will supply general information and supporting accounts from the information held within the museum.

As we do not employ a researcher, information **will** take some time to reach you.

There is payable a minimum research / administration fee. This fee is payable in advance of research, **regardless of result**. Should you wish to advance your request a minimum payment of £20.00 would be gratefully received to cover research and administration costs.

Please make cheque / International money orders payable to: The Welch Regiment Museum.

Your help in complying with this request will be gratefully appreciated.

John Dart
Curator
